Alia

The comfort of appealing contrasts

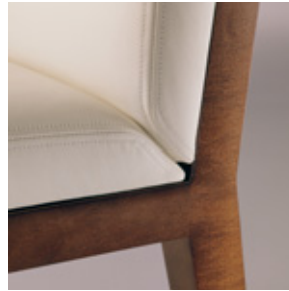

**Alia Guest Chair**  
**Designers Speak Collection**  
Designed by Jordan Goldstein, AIA  
and Shawn Littrel

Appealing contrasts mark the Alia chair. Plush, two-inch-thick cushions rest on a solid hardwood frame of mortise-and-tenon construction. A maple veneer panel extends up the chair's back for a pleasing complement to the upholstery material. The rounded edges of seat and back harmonize with the crisp edges of the chair's frame and legs.

Wood and upholstery are beautiful counterparts

Precise joinery ensures beauty and strength

Barstool offering expands location possibilities

**Specifications**

The guest chair is available with an upholstered seat cushion. The base is constructed of maple veneer and solids, with double doweled construction and corner blocked legs and rails. Legs have nylon glides. The seat is 2" thick multi-density polyurethane foam wrapped in Dacron®. Catalyzed lacquer finish in all Cumberland Maple finishes. Also available as a barstool.

**Options:**

Finishes: Standard and custom finishes on maple
