Modo Collection Lara

A new look for the classic club chair

Cumberland Modo Collection
Lara Seating
 Designed by Gary Lee Partners

The Lara chair and sofa reinterpret the classic club chair form by adding subtle curves to create a feminine silhouette that communicates comfort. Seat surrounds begin wide at the base and taper to a slim profile at the top. The backs of both chair and sofa echo these lines by gently sloping outwards from the base to the top. Wood legs provide a solid yet understated base.

A subtle hourglass shape provides an inviting profile

Back and sides slope gently to add comfort and visual interest
