Modo Collection Tantus

Clean lines combine with sophisticated details

Cumberland Modo Collection
Tantus Bench
Designed by Gary Lee Partners

The precise profile of the Tantus bench makes it a striking addition to lounge areas, reception spaces, and waiting rooms. Its fine non-padded leather seat inset extends down each side. Elegant detailing at the corner connection mirrors the design of the Tantus desk and credenza, making this bench a perfect accompaniment to these Modo collection pieces.

Angled inner edge of the frame adds to the bench's precise profile

Meticulous fit is characteristic of the bench's fine details
