Clover Collection Guest Chair

Highly refined, uniquely faceted

Clover Collection
Chair
 Designed by 5d Studio

The refined design of the Clover chair features faceted upholstery, marking the front edge of the seat. Variations on the base and form assure that there's an appropriate version for every environment and application. Base options range from very contemporary four legs to polished aluminum with casters and tilt tension. And as part of a collection, Clover pieces can carry a thread of design continuity throughout a space that contains different functional environments.

A stainless steel tubular four-leg base accentuates the facets of the upholstery

With arms and the caster base, the Clover chair is a refined and hospitable side chair

Available with and without arms, the Clover chair has a range of base options that assure it's at home in many environments

Specifications

Available with or without arms, the Clover Guest Chair is constructed of multi-density polyurethane foam. There are four base options: a solid wood 4-leg base; a tubular stainless 4-leg steel base; a stainless steel, non-return swivel X-base; or a polished aluminum 5-star caster base with adjustable height, swivel, and tilt up to 16 degrees with a tension knob.

Options:

- Upholstery: COM/COL, Fabric, and Elmo Leather program
- Contrast: The Outside Back can be specified in a different fabric from the Inside Seat. The top edge of the arm is always considered Inside Seat
- Base: Polished or Satin Stainless Steel; Statuary Bronze is also available. The caster base is available only in Polished Aluminum
- Wood: Maple is standard; Walnut is also available
- Finishes: All standard and custom finishes
